

Laser Scanner Holder

1650 Dove Court Marietta, Georgia 30064 Phone: 770.499.9420 Fax: 770.499.9423 www.jlcsolutions.biz

JLC Solutions is proud to announce our new scanner holder made specifically for the Intermec 1553 laser scanner.

This holder is designed to protect the scanner gun and sensitive laser optics from falls and the lens from scratches. Our unique design will prevent the scanner from falling or bouncing out.

Made of durable, lightweight ABS plastic, the *JLC Solutions* scanner holder will withstand years of rugged industrial use and its rounded and beveled edges make it easy and safe to use.

It is designed to be placed on all types of material handling equipment or in any fixed mount position. The holder comes complete with a multi-position mounting bracket.
